TDD #: 0002/1302-T2-R9-16-06-0001

Amendment #: A

Contract #: EP-S5-13-02

Vendor: WESTON SOLUTIONS, INC.

Description of Work:

Amendment A - START shall continue to provide technical assistance to EPA with a response to a magnesium fire at a warehouse located in 3570 Fruitland Ave., Maywood, CA Maywood, CA.

New and/or revised tasks per FOSC direction include but are not limited to:

Task 1- Revise the Health and Safety Plan (HASP).

Task 2- Procure additional off-site laboratory services for sample analysis of air and ash samples.

Assumptions: Field support is estimated for a total of 21 days with seven STARTS for 12 hours/day. Costs also assume metals analysis of 8 air samples per day for 24-hour TAT.

EPA may incrementally fund this TDD.

Authorized TDD ceiling shall not exceed \$149,280.95 without prior CO approval.

The attached CPW for amendment A is included as reference.

All other terms and conditions remain the same.

Base ORIG - START shall provide technical assistance to EPA with a response to a magnesium fire at a warehouse located in 3570 Fruitland Ave., Maywood, CA Maywood, CA.

Tasks per FOSC direction include but are not limited to:

Task 1- Assess site conditions, evaluate the emergency response actions, and provide this information to the FOSC.

Task 2- Prepare a Health and Safety Plan (HASP).

Task 3- Collect site video, photographic, and written (logbook) documentation of response activities.

Task 4- Conduct PRP oversight of response activities.

Task 5- Prepare an ER-QASP with data quality objectives and validation.

Task 6- Perform real-time air monitoring and sampling.

Task 7- Collect multi-media samples as directed by the FOSC.

Task 8- Procure off-site laboratory services for sample analysis.

Task 9- Provide a letter report documenting all site activities taken during the response and include analytical results, figures, and tables.

Authorized TDD ceiling shall not exceed \$68,341 without prior CO approval.

The attached CPW is included as reference.

All tasking cost under this TDD shall be monitored and tracked in RCMS.
